## SYNOPSIS

This ordinance appropriates \$200,000 from the Federal Revenue Sharing Transit fund for construction of the new transit garage, \$3,957 from the General Fund for a part-time clerk-typist for the Personnel Department, and \$6,727 from the Parks and Recreation fund for a new roof for the Juke Box.

## SYNOPSIS

### Appropriation Ordinance 81- 7

This appropriation makes possible the proper use of monies by several departments in accomplishing their work for the remainder of the year.

Because the Section 18 contribution to the transit garage of \$200,000.00 will come as a reimbursement, it must be appropriated. This does not represent the use of any new revenue sharing; it is simply the appropriation of a grant which is run through the Federal Revenue Sharing Fund.

The Personnel Department is requesting funding for a part-time clerk-typist to replace their CETA worker, and they must appropriate money to pay for the period when the past Personnel Director was drawing vacation pay, and the new Director was drawing pay at a probationary level.

The roof of the Parks and Recreation Juke Box building was lifted off in a recent storm. \$6,727.68 has been paid by the insurance company for repair to the roof; that sum must be appropriated for use.

Will the legislation have a major impact on existing City appropriations, fiscal liability or revenues? Yes \_\_\_\_\_ No ☒

If the legislation will not have a major fiscal impact, explain briefly the reason for your conclusion.

*Two of the appropriations simply appropriate money received for one specific purpose. The third, in the general fund, appropriates money to purposes judged necessary by the administration; the part-time position will be a continuing year-to-year expense.*

If the legislation will have a major fiscal impact, explain briefly what the effect on City costs and revenues will be and include factors which could lead to significant additional expenditures in the future. Be as specific as possible. (Continue on second sheet if necessary)
